Manual de Usuário e de Instalação Fechadura Digital COMPACT

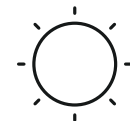

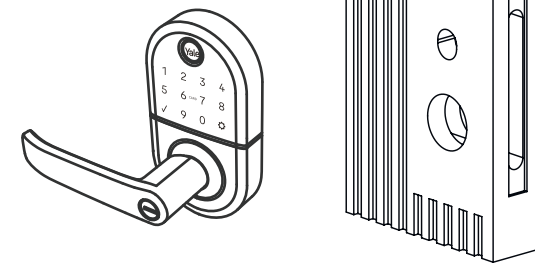

Preparação para a instalação

Utilize o gabarito para a preparação da porta

Chave Philips média

PAINEL EXTERNO

pode ser instalado em locais com incidência de sol e/ou chuva (IP55)

As superfícies da porta que serão fixados os painéis da fechadura, devem ser planas e sem relevos, caso haja aleta ou ranhuras neste local deve ser feito o preenchimento deixando liso para que haja correta vedação contra água/intempérie

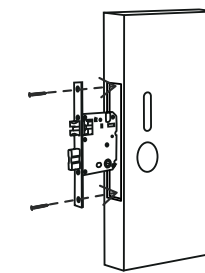

ATENÇÃO!!!

O PAINEL INTERNO

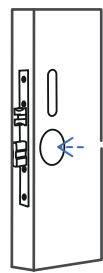

não pode ser instalado em locais com a incidência de sol e/ou chuva

1
